

CNC TOOLING

Recommended for: Dekton®, Lapitec, Neolith, Laminam™, StonePeak, SlimLite™, Kerlite, Porcel-Thin, XLight, Thin Slab Porcelain, Techlam®, Slim Slab and many other sintered slabs and panels.

CNC CORE BITS

- Comes with a 1/2" Gas Thread, designed for the tool holder.
- Minimize blow-out at the bottom of the stone.
- For core drilling for corners of sink and faucet holes

PART NO.	DIAMETER	MAX. RPM	RECOMMENDED FOR	THREADS
DND01250	1-1/4"	4,000	Dekton®, Crystallized Glass	1/2" Gas Thread
DND01375	1-3/8"	4,000	Dekton®, Crystallized Glass	1/2" Gas Thread

CNC FINGER BITS

- Can Be Used on Crystallized Glass and Other Vitreous Materials
- For sink hole cut-outs and any exterior cutting applications

PART NO.	SIZE	DIAMETER	MAX. RPM	RECOMMENDED FOR	THREADS
FBD030	30mm	20mm	6,000	Dekton®, Crystallized Glass	1/2" Gas Thread
FBD040	40mm	20mm	6,000	Dekton®, Crystallized Glass	1/2" Gas Thread
