BEVELING AUXILIARY BASE

Transforms any polisher or grinder into a precision straight and beveled edge polishing tool!

Beveled Edge

Many customers who polish straight and beveled edges have been waiting for the replacement of the Alpha® EdgeCrafter that was discontinued years ago. Introducing, the Beveling Auxiliary Base that turns any polisher or variable-speed grinder into a precision straight and beveled edge polishing tool. Whether the edges are being prepared for a seamless countertop installation, or to give a “fancy” Hollywood Bevel as the edge treatment, the Beveling Auxiliary Base will provide a secure polishing angle (between 15° to 90°). The installation and dismantling is quick and easy so the same tool can be used for many other applications.
