Available in Single Packs

Alpha® PVA is an affordable dry polishing system used to polish marble edges and is ideal for baseboards, corners, vanities and countertops edge applications. Whether you use it in the shop or on job sites, it lasts long and is very easy to use. Available in MS style for 4" high-speed angle grinders or QC style for low speed polishers, PVA works quickly to polish bullnosed edges, shaped edges and carved details without fear of damaging your work piece. Try our new VP Style for Stone, Metals and Woods.
