

SAFETY DATA SHEET

DOCUMENT NO.: 540 | REVISED DATE 11/17/2016

For chemical emergency spill, leak, fire, exposure or accident call (CHEMTREC) 800-424-9300. This SDS complies with 29 CFR 1919.1200 (The OSHA Hazard Communication Standard).

Section 1: Identification

Product / Chemical Name:
G-Tape 1009

Product Identification No: GT-1009

Chemical Family: N/A

Trade Name and Synonyms: Nichigo G-Tape 1009GR

Molecular Formula: N/A

Chemical Name: N/A

Chemical Formula: N/A

Rational Formula: HN/A

Distributor Name:
Alpha Professional Tools®

Address:
103 Bauer Drive, Oakland, NJ 07436

Emergency Tel. No.:
CHEMTREC 800-424-9300

Section 2: Hazard(s) Identification

Substance / Mixture: Article

Classification of the substance or mixture

Not a dangerous substance or mixture according to the Globally Harmonized System (GHS)

Section 3: Composition/Information on Ingredients

Chemical Name	CAS#	Concentration % w/w
Polyethylene	9002-88-4	65-75
Acrylic Co-Polymer	-	25-35
Additives	-	<1
Pigment	-	<1

Section 4: First-Aid Measures

General advice: In the case of accident or if you feel unwell, seek medical advice immediately.
When symptoms persist or in all cases of doubt seek medical advice.

If inhaled: Will not occur

In case of skin contact: Wash with plenty of water and soap. In the case of skin irritation or allergic reactions see a physician

In case of eye contact: Immediately flush with large amounts of water for at least 15 minutes. Get medical attention if irritation develops and persists.

If swallowed: If swallowed, DO NOT induce vomiting. Get medical attention.
Rinse mouth thoroughly with water.

Most important symptoms: No information available and effects, both acute and delayed

Protection of first-aiders: No information available

Notes to physician: No information available

Section 5: Fire-Fighting Measures

Suitable extinguishing media:

Water spray
Alcohol-resistant foam
Carbon dioxide (CO₂)
Dry chemical

Unsuitable extinguishing media : No information available

Specific hazards during fire: No information available fighting

Hazardous combustion : Carbon oxides products

Specific extinguishing methods: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Use water spray to cool unopened containers.

Remove undamaged containers from fire area if it is safe to do so.

Evacuate area.

Special protective equipment: In the event of fire, wear self-contained breathing for fire-fighters apparatus.

Use personal protective equipment.

Section 6: Accidental Release Measures

Personal precautions: Will not occur. Not specified protective equipment and emergency procedures

Environmental precautions: Will not occur. Not specified

Methods and materials for : Will not occur. Not specified containment and cleaning up

Section 7: Handling and Storage

Treatment

Technical measures: None in particular

Local and general exhaust : Not required for use in normal temperature ventilation
Provide adequate ventilation when performing high-temperature processing

Remarks : Use caution and protective gloves to avoid cuts with edges of tape

Precautions for safe handling: None in particular

Storage

Technical measures: None in particular

Storage Conditions: Store in a dark, cool (below 107F) and normal humidity place

Storage conditions to avoid: Avoid high temperature and high humidity

Incompatible materials: No information available

Conditions for safe storage: Shipping package including any incompatibilities

Section 8: Exposure Controls/Personal Protection

Control parameters : Unset

Permissible concentration: Unset

Appropriate engineering: Not required controls

Personal protective equipment [PPE]

Respiratory Protection: Not required

Hand Protection: Not required

Eye protection: Not required

Skin protection: Not required

General Hygiene: None under normal use conditions Considerations

Section 9: Physical and Chemical Properties

Physical State: Solid Roll type
Color: green
Odor: None in particular
pH: No data available
Melting point / Freezing point: No data available
Boiling point / boiling range: No data available
Flash Point: No data available

Autoignition temperature
Upper: No data available
Lower: No data available

Vapor pressure: No data available
Vapor density: No data available
Specific gravity: approx 0.5
Solubility: Insoluble in water
Partition coefficient: No data available
Decomposition temperature: No data available
Other Data: Flammability

Section 10: Stability and Reactivity

Reactivity: Stable under normal conditions of use and storage
Possibility of Hazardous: No data available reactions
Conditions to avoid: None in particular
Incompatible materials: No information available
Hazardous decomposition: No information available products

Section 11: Toxicological Information

Acute Toxicity: No information available
Skin corrosion/irritation: No information available
Serious eye damage/eye: No information available irritation
Respiratory sensitization: No information available
Germ cell mutagenicity: No information available
Carcinogenicity: No information available
Reproductive Toxicity: No information available

Specification target internal: No information available organs/systemic toxicity (single exposure)
Specification target internal: No information available organs/systemic toxicity (repeat exposure)
Aspiration hazard: No information available

Section 12: Ecological Information (non-mandatory)

Persistence and degradability: No information available
Bioaccumulation potential: No information available

Mobility in soil: No information available
Ozone depletion potential: No information available
Other adverse effects: No information available

Section 13: Disposal Considerations (non-mandatory)

Waste treatment methods: Disposal should be in accordance with applicable regional, national and local laws and regulations. When burning it, use an incinerator which satisfies its technical guidelines (the residence time is 2 seconds or more at a temperature of 800 °C centigrade or more). Contact an authorized industrial waste treatment company for off-site disposal

Contaminated packaging: Empty containers should be taken to an approved waste handling site for recycling or disposal.
If not otherwise specified: Dispose of as unused product.

Section 14: Transport Information (non-mandatory)

National Regulations

Transport hazard class: Not Applicable

UNRTDG : Not regulated as a dangerous good

IATA-DGR: Not regulated as a dangerous good

IMDG-Code: Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code: Not Applicable

Japanese regulation: Not Applicable

Domestic Regulation

49 CFR: Not regulated as a dangerous good

Special precautions in: Do not store in long term under high temperature connection with transport or or leave outdoors conveyance.

Section 15: Regulatory Information (non-mandatory)

EPCRA - Emergency Planning and Community Right-to-Know CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 Hazards: Not applicable

SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

US State Regulations: Please contact NIPPON GOHSEI USA for more information

The ingredients of this product are reported in the following inventories:

AICS : All ingredients listed or exempt

Section 16: Other Information

SDS Creation Date: 11/17/2016

Prepared By: Manufacturer's Technical Services Department

Disclaimer

The information provided on this SDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.
