Section 1: Identification

Product / Chemical Name:
Diamond tools (Vacuum Blazing Cutting Blade)

Product Identification No: Cutting-off wheel (Metal bonded diamond saw blade)
Chemical Family: N/A
Trade Name and Synonyms: N/A
Molecular Weight: N/A
Chemical Name: N/A
Chemical Formula: N/A
Material Use: N/A
Application: Cutting off brittle materials (Stone, Tile, Concrete, etc.)
See the table on the product package.

Distributor Name:
Alpha Professional Tools®
Address:
103 Bauer Drive, Oakland, NJ 07436
Emergency Tel. No.:
800-648-7229

Section 2: Hazard(s) Identification

GHS Classification: Not applicable
Unclassified Hazards: Not applicable
Percentage of Ingredients with Unknown Toxicity: 0%
Abrasives are not dangerous substances or preparations
See also section 8.

Section 3: Composition/Information on Ingredients

The specific percentages of composition have been withheld as trade secrets.

Section 4: First-Aid Measures

See also section 8
Inhalation: Not possible, due to the form of the product
Eye contact: Not possible, due to the form of the product
Skin contact: No harmful effects known
Ingestion: Not likely, due to the form of the product
If necessary contact physician

Most important: Not applicable
Symptoms: Immediate medical: Not applicable
Attention required:
Section 5: Fire-Fighting Measures

**Extinguishing Media:** water, foam, sand, powder or CO2 as appropriate for surrounding materials

**Specific hazards arising:** Toxic fumes may occur.

**Specific protective equipment for fire-fighters:** Use respiratory protective equipment.

Section 6: Accidental Release Measures

**Personal precautions:** Not applicable.

**Methods and materials for cleaning up:** Not applicable

Section 7: Handling and Storage

**Precautions for safe handling:** Follow instructions and the relevant national regulations.

**Conditions for safe storage:** Observe the safety recommendations of the manufacturer.

Section 8: Exposure Controls/Personal Protection

Before cutting risk assessment should be performed and individual personal protection measures adopted accordingly.

**8.1 Exposure Limits** Keep limits of the following components under surveillance (Observe the regional official regulations for dust)

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

**Note:** Hazardous dust of work piece material may be generated during grinding and/or cutting operations.

**8.2. Exposure control and limitations**

**8.2.1. Exposure control and limitations of the work environment** Observe the regional official regulations for dust

**8.2.1.1. Respiratory protection:** Use respiratory equipment (type depends on specific application and material being ground)

**8.2.1.2. Hand protection:** Wear protective gloves (type depends on specific application and material being ground)

**8.2.1.3. Eye protection:** Wear protective hats, goggles or face shield (type depends on specific application and material being ground)

**8.2.1.4. Hearing protection:** Use hearing protection (type depends on specific application and material being ground)

**8.2.1.5. Body protection:** Use protective clothing (type depends on specific application and material being ground)

Work piece material (Since the silica(SiO2) occurs within material of concrete, stone, tile, etc., wear protective equipment in processing)

Section 10: Stability and Reactivity

Stability
Super Abrasives are stable when handled or stored

Reactivity
10.1 Conditions to avoid:
No decomposition in normal use.

10.2 Materials to avoid:
No dangerous reactions known.

10.3 Hazardous decomposition products:
At temperatures exceeding 250 C hazardous or toxic decomposition products may be generated

Section 11: Toxicological Information

No toxicological effects if inhaled or swallowed or with eye or skin contact are known. See also section 8.

Section 12: Ecological Information (non-mandatory)

12.1 Ecotoxicity: no effects known
12.2 Mobility: no potentials known
12.3 Persistence and degradability: no biodegradable potentials known
12.4 Bioaccumulative potential: no potentials known
12.5 Other hazardous effects: no effects known

Section 13: Disposal Considerations (non-mandatory)

13.1 Product
Follow national and regional regulations!

O - Due to the ingredients (sum concentration under the limit) disposal as non hazardous waste (2000/532/EC) is possible if no hazardous materials are added to the abrasives. (EWC – Nr. 120121),

O - Due to the ingredients (sum concentration above the limit) disposal as hazardous waste (2000/532/EC) (EWC – Nr. 120120)

13.2 Packing
Follow national and regional regulations!
Section 14: Transport Information (non-mandatory)

The product is not covered by international regulation on the transport of dangerous goods.

Section 15: Regulatory Information (non-mandatory)

TSCA Inventory: All ingredients are listed on the TSCA inventory or are exempt from listing.

CA Proposition 65: Nickel and cadmium are known to the State of California to cause cancer or reproductive toxicity.

Section 16: Other Information

SDS Creation Date: August 29, 2014
Prepared By: Manufacturer’s Technical Services Department

Disclaimer
The information provided on this SDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.
